The best and most beautiful things in the world cannot be seen or even touched. They must be felt with the heart.

You are so young, so before all beginning, and I want to beg you, as much as I can, dear sir, to be patient toward all that is unsolved in your heart and try to love the *questions themselves* like locked rooms and like books that are written in a very foreign tongue. Do not now seek the answers, which cannot be given you because you would not be able to live them. And the point is to live everything. *Live* the questions now. Perhaps you will then gradually, without noticing it, live along some distant day into the answer.

— Rainer Maria Rilke
